

WORK PLAN 2020 SUMMARY

“We focus on education and training to increase the capacity and capability of patients to be valuable contributors to medicines research and development by working with patients and the stakeholders they collaborate with.”

In 2020, the European Patients' Academy on Therapeutic Innovation will deliver several activities in line with its main mission and to ensure our mid- and long-term business plan. This 1-page document presents the milestones of EUPATI in 2020 as well as the main pillars to support our evolution and development. For more information about the complete work plan, please contact info@eupati.eu.

- 
- TOOLBOX**
- Growing number of users worldwide (+3 million as of March 2020) in 9 languages. 4 additional languages coming soon!
 - Launch of a new EUPATI online Portal (eupati.eu), including a Patient Engagement Toolbox.
 - Creation of new content for Toolbox and training (vaccines, ethics committees, etc.)

- 
- PATIENT EXPERT TRAINING COURSE**
- 60 patients and patient experts enrolled in 4th edition of the course.
 - Redesign of the course to make it on-demand, open access and available globally.

- 
- EUPATI NATIONAL PLATFORMS (ENPs)**
- 21 established ENPs (Europe and Japan) + 4 ENPs in development.

- 
- TRAINING CATALOGUE**
- Launch of continued professional development (CPD) for EUPATI Fellows.
 - Expansion of the training portfolio and transformation of existing courses to move towards sustainable educational offerings, including training on patient engagement.
